FEES TO CONNECT TO THE PUBLIC WATER SYSTEM

1) CONNECTION FEE \$ 750.00

Service lateral installed by Township staff or contractor as part of a Township water line extension project. This fee is based on the estimated cost of installing an “average” lateral and connecting it from the water main to the curb stop.

OR

Service lateral installed by Owner in accordance with current Township specifications. This fee is based on the Township’s estimated cost of installing a water connection on the existing main, inspecting the installation of the lateral and providing the materials for a curb stop.

OR

Developer or Owner constructs both the main and lateral. **\$ 0.00**

**NOTE: If the Township constructs the service lateral and/or makes the connection with the water system, and in which the length of the lateral exceeds 40 feet or the diameter of the lateral exceeds one inch, the Connection Fee shall be equal to the actual cost incurred by the Township in connection with the construction of the lateral and the making of the connection to the water system main (including inspection costs).*

2) CUSTOMER FACILITIES FEE (CFF) \$ 300.00

The property owner is responsible for installing the lateral between the house and the curb stop valve. This fee is intended to cover the Township cost associated with purchasing & installing a water meter (1 inch or less) and with inspecting the lateral installed by the owner according to Township specifications.

**NOTE: If the Township installs a water meter larger than 1 inch, the Customer Facilities Fee shall be equal to the actual cost incurred by the Township in connection with the purchase and installation of the meter. Before any work begins, the owner shall pay a reasonable estimate of the CFF. After the work is completed, the Township shall refund any excess or charge any shortages of the estimated CFF as compared to the actual CFF for the work.*

3) TAPPING FEE (PER EDU) \$1,950.00

This fee allows the Township to recover capital costs associated with the water system.

EXAMPLE:

Connection Fee:	\$ 750.00
Customer Facilities Fee:	300.00
Tapping Fee:	<u>1,950.00</u>
Total fee:	\$3,000.00

(revised April 2015)
