| 8 | Remove invasive plants and unnurserify | 2 |
| 9 | Keep paths natural – don't pave everything | 7 |
| 10 | No impervious parking | 2 |

Question #3: What concerns do you have about the implementation of passive recreation and sustainable management on the Benckini property?

| Group 2 Responses | | # of Votes |
|--------------------------|---------------------------|-------------------|
| 1 | Disturbing wetlands | 13 |
| 2 | Water management | 10 |
| 3 | Trash management | 0 |
| 4 | Cost overall | 6 |
| 5 | Trail maintenance | 8 |
| 6 | Lawsuits | 1 |
| 7 | Runoff from parking areas | 0 |
| 8 | Vandalism | 3 |
| 9 | Wildlife management | 9 |
| 10 | | |

Question #3: What concerns do you have about the implementation of passive recreation and sustainable management on the Benckini property?

| Group 3 Responses | | # of Votes |
|--------------------------|-----------------------------------|-------------------|
| 1 | Wetness | 5 |
| 2 | Size of property/complexity | 2 |
| 3 | Existing trees | 11 |
| 4 | Wildlife and habitat preservation | 22 |

Question #3: What concerns do you have about the implementation of passive recreation and sustainable management on the Benckini property?

| Group 4 Responses | | # of Votes |
|--------------------------|--|-------------------|
| 1 | Parking, accessibility, usefulness from land standpoint, don't duplicate adjacent park | 5 |
| 2 | Stream preservation, flood control | 13 |
| 3 | Small size, integrate with adjacent park | 8 |
| 4 | Invasive plant control and removal | 3 |
| 5 | Wetland preservation | 9 |
| 6 | Bathroom facilities | 2 |
| 7 | Solar panels | 3 |
| 8 | Invasive plants with signage, trash cans | 0 |
| 9 | Runoff prevention for wetlands | 5 |

| Question #4: What concerns do you have about the implementation of passive recreation and sustainable management on the Haring property? | | |
|---|--|-------------------|
| Group 1 Responses | | # of Votes |
| 1 | No impervious parking or trails | 6 |
| 2 | Condition of the soil (chemicals & fertilizers) | 4 |
| 3 | Want minimal light pollution | 5 |
| 4 | Preservation of natural features | 13 |
| 5 | Building should be salvaged | 0 |
| 6 | Lack of adequate sustainable restroom facilities | 7 |

| Question #4: What concerns do you have about the implementation of passive recreation and sustainable management on the Haring property? | | |
|---|---------------------------|-------------------|
| Group 2 Responses | | # of Votes |
| 1 | Disturbing wetlands | 12 |
| 2 | Wellhead protection | 1 |
| 3 | Crowding control | 0 |
| 4 | Trash | 4 |
| 5 | Water management | 1 |
| 6 | Cost overall | 11 |
| 7 | Trail maintenance | 5 |
| 8 | Lawsuits | 0 |
| 9 | Runoff from parking areas | 0 |
| 10 | Vandalism | 6 |
| 11 | Wildlife management | 8 |

| Question #4: What concerns do you have about the implementation of passive recreation and sustainable management on the Haring property? | | |
|---|-----------------------------------|-------------------|
| Group 3 Responses | | # of Votes |
| 1 | Impervious/built surfaces | 2 |

| Question #5: What aspects of the Benckini property, the Haring property, or both properties would you like to see changed? | | |
|---|------------------------------------|-------------------|
| Group 1 Responses | | # of Votes |
| 1 | Accessibility | 7 |
| 2 | Safety | 2 |
| 3 | Restricted hours (want) | 2 |
| 4 | More parking | 5 |
| 5 | Maintenance (trash) | 3 |
| 6 | Clean/ obvious trash and recycling | 7 |
| 7 | Invasive (remove) | 11 |

| Question #5: What aspects of the Benckini property, the Haring property, or both properties would you like to see changed? | | |
|---|--|-------------------|
| Group 2 Responses | | # of Votes |
| 1 | Removal of existing structures on Haring | 8 |
| 2 | Stormwater management (both) | 8 |
| 3 | Remove structures, save relics (Haring) | 12 |
| 4 | Stream restoration | 12 |
| 5 | Parking | 8 |

| Question #5: What aspects of the Benckini property, the Haring property, or both properties would you like to see changed? | | |
|---|-----------------------------------|-------------------|
| Group 3 Responses | | # of Votes |
| 1 | Natural/native plantings | 13 |
| 2 | Farm animal educational component | 7 |

| Question #5: What aspects of the Benckini property, the Haring property, or both properties would you like to see changed? | | |
|---|--|-------------------|
| Group 4 Responses | | # of Votes |
| 1 | Delapidated buildings, naturalization to occur | 1 |
| 2 | Removal of old fencing, dump areas | 5 |
| 3 | Invasive replaced with natives | 3 |
| 4 | Providing access to stream – Benckini | 3 |
| 5 | Haring – leave as it is | 1 |
| 6 | Access to park – Haring with trails | 9 |
| 7 | Both sites – leave as natural as possible | 10 |
| 8 | No residential/commercial development | 16 |

| Question #6: What aspects of the Benckini property, the Haring property, or both properties would you like to see preserved? | | |
|---|---|-------------------|
| Group 1 Responses | | # of Votes |
| 1 | Preserve wildlife/natural habitat | 10 |
| 2 | Keep both sites as parks | 5 |
| 3 | Keep current trees/open nature – keep site’s current identity | 3 |
| 4 | Preserve water features | 8 |
| 5 | Preserve buildings | 8 |
| 6 | Preserve history | 2 |
| 7 | Preserve Haring property with agriculture features | 3 |

| Question #6: What aspects of the Benckini property, the Haring property, or both properties would you like to see preserved? | | |
|---|---------------------------------------|-------------------|
| Group 2 Responses | | # of Votes |
| 1 | Preservation of relics (both) | 10 |
| 2 | Preservation of open space (both) | 13 |
| 3 | Preservation of treelines (both) | 6 |
| 4 | Forest preservation (both) | 3 |
| 5 | Water preservation (both) | 1 |
| 6 | Preservation of specimen trees (both) | 6 |
| 7 | Remove/eliminate invasive species | 7 |

Question #6: What aspects of the Benckini property, the Haring property, or both properties would you like to see preserved?

| Group 3 Responses | | # of Votes |
|--------------------------|-----------------------------------|-------------------|
| 1 | Buildings (historic preservation) | 11 |
| 2 | Trees/wetlands | 8 |
| 3 | Wildlife habitat | 10 |
| 4 | Resident access | 3 |
| 5 | Safety | 5 |

Question #6: What aspects of the Benckini property, the Haring property, or both properties would you like to see preserved?

| Group 4 Responses | | # of Votes |
|--------------------------|---|-------------------|
| 1 | Historic features – both | 5 |
| 2 | Grasslands – both | 8 |
| 3 | Pond, Creek – both properties | 6 |
| 4 | Preserve as much habitat as possible | 9 |
| 5 | Topography/hills, no flat park, keep wet | 12 |
| 6 | Preserve creek, prevent erosion | 1 |
| 7 | Compatible with adjacent use of land, conserved – Bucks County parcel | 5 |
| 8 | Preserve hydrology | 1 |
