A. Unconnected Sewer Analysis

Reference SEA's letter dated 1/8/2014. Study identified 53 potential properties that should be connected to the sanitary sewers. Status update on the letter that the Authority recommends be sent to the "53".

B. Sewer Tapping Study - update

C. The Authorities 74th Annual Conference and Trade Show will be held in Pittsburgh, August 28-31.

One interesting item to be discussed is the PENNVEST On-Lot Program Improvements. PENNVEST and PHFA have implemented major changes to the PENNVEST Homeowner Septic Loan and are eager to share these improvements with municipal authority staff and leadership. The "big one" for PMAA is the loans can now be used to pay for first-time connections to public sewer as well as the repair and replacement of on-lot septic systems. Another sure-to-impress change is the removal of the household income limits that restricted homeowner participation. (Moderator: Glenn Higbie, Hellertown Borough Authority)
