

Public Star Party

Saturday, September 15th

THE LEHIGH VALLEY AMATEUR ASTRONOMICAL SOCIETY
620B East Rock Road , Allentown, PA 18103

7pm - a talk entitled "10 'Cool' Things About Our Solar System"
by Blaine Easterwood

8pm - a planetarium show

There will also be a planetarium show at 6pm for families with children aged 14 years and under.

Doors will be open 15 minutes before each show, and both the planetarium shows and the talk will last for approximately 40 minutes. Seating is on a first-come, first-served basis. Once the seating capacity has been reached or the show has started, the doors will be closed .

You may also have a chance to do some real stargazing with the help of an LVAAS member. If the sky is clear, you will be able to look at the Moon, a planet, a star cluster or even a distant galaxy using one of our telescopes. Weather permitting, *the observatories will be open from 7pm onwards.*

The Red Shift snack bar and gift shop will be open all evening.

LVAAS is a member funded non-profit educational society. A \$3.00 donation per adult will help us continue our outreach programs and would be greatly appreciated.
