

PERMITS

BUILDING, ZONING, GRADING

NO NEW RESIDENTIAL CONSTRUCTION OF ANY TYPE MAY OCCUR UNTIL FURTHER NOTICE

At the present time, the Township continues to accept the submission of permit applications for these activities. A drop-off box is located in the building vestibule where plans and applications can be left. Do not try to provide this information electronically or by email unless directed to do so.

PLEASE NOTE

The State has deemed Residential and Commercial construction to be NON-life-sustaining industries. All physical site operations are to be shut down.

The March 30, 2020 notification from Governor Tom Wolf replaces any previous guidance or waivers and sets forth the following as the ONLY construction projects which may continue in operation:

- Commercial Construction of Health Care Related facilities ONLY
- Residential Construction of new homes deemed to be substantially complete

On April 2, 2020, the Department of Labor and Industry issued guidance announcing that the PA Construction Code Act is suspended until further notice resulting in the suspension of time frames for approval or denial of residential and commercial permit applications.

**AS A RESULT OF THESE ACTIONS, THERE WILL BE NO
REVIEWS OR INSPECTIONS OF UCC PROJECTS UNTIL
FURTHER NOTICE**
