12. Unfinished Business -

A. Unconnected Sewer Analysis

Reference SEA’s letter dated 1/8/2014. Study identified 53 potential properties that should be connected to the sanitary sewers.

Background: (1) Update on the letter that the Authority recommended be sent to the "53"; (2) The request for an Ordinance to cover the inspection of the laterals prior to sale of the property.

Recent Status: 2/19/19 -- Tom Dinkelacker had a casual discussion regarding this matter with Tom Beil. Tom's sense is that there will be some discussion regarding further review by the committee.

10/3/19 Chairman reminded Tom Beil at a meeting regarding Director interview, that we still wanted a meeting with the Public Works Committee regarding this matter.

B. Sewer Tapping Study - update
