13. Unfinished Business -

A. Unconnected Sewer Analysis

Reference SEA's letter dated 1/8/2014. The study identified 53 potential properties that should be connected to the sanitary sewers.

Background: (1) Update on the letter that the Authority recommended be sent to the "53".

2/19/19 -- Tom Dinkelacker had a casual discussion regarding this matter with Tom Beil. Tom's sense is that there will be some discussion regarding further review by the committee.

10/3/19 Chairman reminded Tom Beil at a meeting regarding Director interview, that we still wanted a meeting with the Public Works Committee regarding this matter.

11/2/2020 meeting Gary discussed this with Tom Beil and noted that if the Mt. Trexler project goes through, it could bring this issue to a head.

B. Sewer Tapping Study - update.

C. Acquisition of Borough of Coopersburg sewer lines. A letter was hand delivered to Tom Beil's office on August 3, 2022, requesting permission from the UST BOS to begin discussions regarding the acquisition. At the September meeting Gary reported that he spoke to Tom Beil and that Tom was going to add the cost for the study to be conducted by Dave Busch to the 2023 budget.
