

Upper Saucon Township

LEHIGH COUNTY, PENNSYLVANIA

Street Tree Trimming

January 2024

Upper Saucon Township will be trimming the street trees on the roads in your neighborhood during the next several weeks.

The trimming is required to allow service vehicles, such as snowplows and school buses, to safely navigate streets. Township Crews will only trim streetside branches extending into the roadway.

Please note that if you are parked in your driveway when the trimming is taking place, you may be temporarily blocked in for a few moments while the crew passes your driveway.

Work will be done between the hours of 7:00 AM and 3:00 PM. The schedule is subject to change without notice, depending on the weather. You can help to ensure the successful completion of the project by following the directions listed below:

- Dumpsters or trailers may need to be removed from the streets when work is occurring. A crewmember will contact you if this is necessary.

Thank you for your cooperation.
